

Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	Data
School name	Barwell C of E Academy
Number of pupils in school	242
Proportion (%) of pupil premium eligible pupils	26%
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2021-2022 2022-2023 2023-2024
Date this statement was published	December 16 th 2021
Date this statement was first reviewed	March 2022
2 nd review date	October 2022
Revised statement published date	December 2022
Revised statement review date	December 2023
Statement authorised by	Miss V Newman
Pupil premium lead	Mrs L Stewart
Governor / Trustee lead	Mrs M Spence

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£94,060
Recovery premium funding allocation this academic year	£9,425
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year	£103,485
If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	NA

Part A: Pupil premium strategy plan

Statement of intent

We want our children who are disadvantaged to achieve exceptionally well by having high expectations of them and being ambitious for what they can achieve. We will do this by being meticulous about identifying their needs and responding to data. We will use research intelligently to be informed on the best practices. We have a holistic approach to supporting children's achievement, both the needs of the children and the family are paramount. **We are unrelenting in our drive to ensure every Pupil Premium child reaches age related expectations or above, by the end of Key Stage 2.** We provide a wide, rich set of experiences, alongside an ambitious, well thought out curriculum that enables children to lead fulfilling lives and be prepared for their transition to Key Stage 3.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
	Large proportion of our school is made up of white working class which leads to:
1	Low expectations (families and children)
2	Low prior attainment (problems with infant and junior transfer)
3	Attendance
4	Social, emotional and mental health (families and children)
5	A lack of cultural capital (vocabulary gap, knowledge gap, wider first hand experiences, lack of a home reading culture)

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
To eradicate the gap between our disadvantaged children and non-disadvantaged children nationally.	Above average progress for disadvantaged children Attainment at least in line with national.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: **£41,456**

Activity	Evidence that supports this approach	Challenge number(s) addressed	Costings

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £21,000/£5736

Activity	Evidence that supports this approach	Challenge number(s) addressed	Costings
An experienced teacher in Y6 for in school tutoring and structured interventions for 8 weeks	<p>EEF Targeted Academic Support</p> <ul style="list-style-type: none"> • Evidence consistently shows the positive impact that targeted academic support can have, including for those pupils who are not making good progress across the spectrum of achievement. • Some pupils may require additional support alongside high-quality teaching in order to make good progress. The evidence indicates that small group and one to one interventions can be a powerful tool for supporting these pupils when they are used carefully. <p>Tuition targeted at specific needs and knowledge gaps can be an effective method to support low attaining pupils or</p>	1 and 2	<p>This is now completed and videos can be reused at no cost.</p> <p>No PP spend planned for 2022 - 2023</p>

	<p>those falling behind, both one-to-one:</p> <p>EEF One to one tuition and Small group tuition studies EEF (educationendowmentfoundation.org.uk) And in small groups: Small group tuition Toolkit Strand Education Endowment Foundation EEF</p>		
LSA tutoring for two terms	<p>Tuition targeted at specific needs and knowledge gaps can be an effective method to support low attaining pupils or those falling behind, both one-to-one:</p> <p>EEF One to one tuition States;</p> <ul style="list-style-type: none"> • Evidence indicates that one to one tuition can be effective, providing approximately five additional months' progress on average. • On average, one to one tuition is very effective at improving pupil outcomes. One to one tuition might be an effective strategy for providing targeted support for pupils that are identified as having low prior attainment or are struggling in particular areas. <p>EEF Small Group Tuition States;</p> <ul style="list-style-type: none"> • Small group tuition has an average impact of four months' additional progress over the course of a year • Additional small group support can be effectively targeted at pupils from disadvantaged backgrounds, and should be considered as part of a school's pupil premium strategy 	1 and 2	Tutoring will take place this year but not tutoring grant will fund this for 2022 to 2023

1:1 Reading	<p>EEF One to One tuition States;</p> <p>Evidence indicates that one to one tuition can be effective, providing approximately five additional months' progress on average.</p>	1 and 2	<p>To continue 2022 - 2023 <u>2022 – 2023</u> 60% of this will be funded through PP <u>1 x LSA, 3 hours per day</u></p>
Individualised spelling programme	<p>EEF Targeted Academic Support</p> <ul style="list-style-type: none"> Evidence consistently shows the positive impact that targeted academic support can have, including for those pupils who are not making good progress across the spectrum of achievement. Some pupils may require additional support alongside high-quality teaching in order to make good progress. The evidence indicates that small group and one to one interventions can be a powerful tool for supporting these pupils when they are used carefully. 	1 and 2	To continue 2022 – 2023 at no cost from PP fund.
1:1 reading training for LSAs	<p>EEF Small group tuition States;</p> <ul style="list-style-type: none"> Providing training to the staff that deliver small group support is likely to increase impact. <p>EEF Targeted Academic Support</p> <ul style="list-style-type: none"> For one to one tuition led by teaching assistants, interventions are likely to be particularly beneficial when the teaching assistants are experienced and well-trained 	1 and 2	No PP spend for 2022 - 2023

Wider strategies (for example, related to attendance, behaviour, wellbeing) Budgeted cost: £64,000/£56,248

Activity	Evidence that supports this approach	Challenge number(s) addressed	
To employ a Family Link Worker to improve attendance	<p>The Education Endowment Foundation is currently undertaking a rapid evidence assessment on attendance interventions and programmes.</p> <p>Embedding principles of good practice set out in the DfE’s Improving School Attendance advice.</p> <p>The DfE guidance has been informed by engagement with schools that have significantly reduced levels of absence and persistent absence.</p>	3	To continue 2022 – 2023 <u>2022 - 2023</u> 20% of salary
To employ a Family link Worker to strategically plan how to support families and raise expectations	<p>Parental engagement studies from EEF show +4 months progress. There are also higher impacts for pupils with low prior attainment. It also states that “It is crucial to consider how to engage with all parents to avoid widening attainment gaps.”</p>	1 and 4	To continue 2022-2023 <u>2022 - 2023</u> 40% of salary
To employ a Wellness Champion to support SEMH (SEL) and families	<p>EEF Social and Emotional Learning;</p> <p>There is extensive evidence associating childhood social and emotional skills with improved outcomes at school and in later life (e.g., improved academic performance, attitudes, behaviour and relationships with peers)</p> <ul style="list-style-type: none"> • Social and emotional learning approaches have a positive impact, 	1 and 4	To continue 2022-2023 <u>2022 - 2023</u> 60% of salary

	<p>on average, of 4 months' additional progress in academic outcomes over the course of an academic year. This finding, however, has very low security, so schools should be especially careful to monitor the efficacy of SEL approaches in their settings.</p> <ul style="list-style-type: none"> Improvements appear more likely when SEL approaches are embedded into routine educational practices and supported by professional development and training for staff. In addition, the implementation of the programme and the degree to which teachers are committed to the approach appear to be important. 		
To have a strategic lead for all vulnerable groups	<p>EEF reports/toolkit Most strategy/interventions researched by EEF mention the need to carefully monitor and evaluate in order for tuition/strategies/interventions to prove successful and have the biggest impact. A strategic lead is necessary in order for the Tiered Approach to Pupil Premium to be successful.</p>	1, 2, 3, 4 and 5	To continue 2022 - 2023 <u>2022 - 2023</u> 20% of salary (1 day a week)
To financially support disadvantaged	<p>OFSTED School Inspection Handbook sites the need for</p>	5	To continue 2022 - 2023 <u>2022 - 2023</u> £500 swimming

children to attend clubs, trips, residentials, music lessons, swimming lessons etc	'schools equipping pupils with the knowledge and cultural capital they need to succeed in life.' They state 'it is the essential knowledge that pupils need to be educated citizens.'		£4,000 trips and residentials £1,000 sport clubs £1,000 music tuition Total = £6500
To provide financial support for uniform	EEF School Uniform Although there is no research that suggests that wearing a uniform directly impacts on attainment the EEF toolkit states; <ul style="list-style-type: none"> • Wearing a uniform is not, on its own, likely to improve learning, but can be successfully incorporated into a broader school improvement process which includes the development of a school ethos and the improvement of behaviour and discipline • If a uniform policy is in place, it is important to consider how to support families that may not be able to afford uniform 	1	To continue 2022 - 2023 <u>£500</u>

Total budgeted cost: £103,440

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2021 to 2022 academic year.

Please note - Schools are not required to publish their 2022 key stage 2 results and the DfE is not publishing this data either. This is due to statutory assessments being taken for the first time since 2019, without adaptations, after disruption caused by the pandemic. This is a transitional arrangement for one year only due to the pandemic, and DfE plans to publish key stage 2 school performance data for 2023.

Intended outcome for the current 3 year strategy - To eradicate the gap between our disadvantaged children and non-disadvantaged children nationally.

When looking for impact on our intended outcomes of the implementation of our strategy, it can be difficult to separate what is impact due to the strategy spending specifically, compared to what other factors may have contributed to this impact Eg quality first teaching. The strategy spending has enabled maths, and reading interventions to take place all year as planned and progress has been measured by internal testing.

Reading progress for Y 3 & 4 PP children showed accelerated progress and was higher than Non PP children in our school. In Y5 however, this is not the case and further strategies are being explored.

Maths progress in year 3 also showed accelerated progress scores for PP children, but not quite as much as Non PP. Progress has also been good in Y5 for PP children, but again not inline with, or above, the Non PP children. Factors affecting this will need further consideration. Data suggests Y4 progress in maths generally is a cause for further investigations too, but for both groups.

The initial data for **Y6 SATs** shows that Scaled Scores in both subjects are roughly the same for both PP and Non PP groups. In **maths** the percentage achieving ARE by both groups is the same. In **Reading** there is a slight difference, with 5% less of PP children achieving ARE. Progress looks likely to be in-line with National progress – we are awaiting our validated data at this time to review and compare with national too.

Summary

The results so far suggest that we are moving towards achieving our aim – more time is needed to see the full impact and timely reviews are planned.

Direct Instruction will continue where most impact has been seen – Y3/4.

Pastoral support will continue – wellbeing surveys show improvements during the year of a 1.2 increase. This will result in a similar spend the last academic year.

Cultural Capital will be a continued focus – Explorer lunchtime activities to continue and develop. Pupil voice suggests that this is beginning to have a positive impact. Children have received these activities in a positive way and some have extended these experiences into their home setting.

Attendance evaluation has been tricky due to Covid – The attendance team are shown to have a clear impact from previous data, so this too must continue. Our November data shows that we have better attendance than primary schools nationally. Our PP attendance is also higher than National attendance figures. This focus must continue.

1:1 reading – This shows good impact on progress generally and also in the fostering of improved reading habits. This will continue to develop.
