LEARNING THAT LASTS A LIFETIME**
Love thy neighbour in a flourishing school community

Friday 18th September

Dear Families,

As part of our ongoing commitment to keeping all children safe, we wanted to remind families of the importance of keeping allergy and medical information up to date.

SchoolGrid Allergen Declarations

Our meal provider wishes to remind all families that if your child has a food allergy, intolerance or coeliac disease, you must complete an allergen declaration through your SchoolGrid account, even if you have previously informed the school. This enables them to ensure that appropriate meal options are available and that dietary requirements are managed safely.

School Records

It is also essential that the school also holds up-to-date information of your child's allergies and medical needs.

Please inform the school office immediately if:

- Your child has been diagnosed with a new allergy.
- An existing allergy has changed or there are any changes to medication or medical requirements.
- Your child has been prescribed adrenaline auto-injectors (AAI) or has a revised allergy care plan.

This information is vital to ensure we can make appropriate arrangements for educational visits, curriculum activities including Design and Technology and emergency and medical procedures within school.

Nut-Free School Reminder

As a nut-free school, to help protect pupils with severe nut allergies, please do not send any items containing nuts into school. We appreciate your support in helping us to maintain a safe environment for all. If you require any assistance accessing SchoolGrid or updating your child's allergy information, please contact the school office.

Yours sincerely,

M Baraclough

Mrs M Baraclough

Assistant Headteacher and Allergy Lead
