

Yet another great week in school, with the children showing us how amazing they are . Great smiles and lots of positivity.

Good manners and behaviour too. Keep up the good work everyone.

A reminder to all families to ensure our children arrive on time, and at their allocated class bubble time. This is to ensure the class bubbles don't mix with any other classes, therefore protecting your children and our staff. Thank you.

### A few reminders ....

All children to ensure they bring a water bottle into school each day.

If children have yogurts, pasta, or things in their pack lunches that require cutlery, that they bring these in from home please.

Unfortunately some of the pudding options on the hot meal menu are not available at the current time. Therefore the children have been having slices of cake, biscuits or jelly.

Can we please remind the children that there is to be NO running and racing around on a morning outside the school gates , and to remember social distancing at all times.

**THANK YOU**

The children have all been taking part in the daily mile throughout the day. Great that we able to make use of this outdoor space, and the children are getting some fresh air and exercise.

Metcalf Multisports have joined us this term in taking our PE lessons, along with after school club activities.

We would like to say a huge welcome back to Mrs Glover who has returned from her maternity leave.

We also now have Mr Green—another one! Starting with us as a member of our team. Mr Green has already been teaching the children PE, but has now become an LSA in class. Welcome.

Children are welcome to come to school on their scooters.

We have fantastic wraparound care packages in school. Early birds runs from 8am and Nightingales from after school until 5.45pm. Take a look at our website for full details or call the school office.

### PE DAYS

4M/3T	MONDAY
5M/5BH	TUESDAY
6M	WEDNESDAY
6H	THURSDAY
4G/3RB	FRIDAY

Children are to arrive in school on PE days wearing school uniform on the top with shorts, leggings, or joggers and trainers. PE will only take place in the afternoon, so no change of clothes is required. Thank you.

If your child is ill, and presenting with ANY symptoms of the Coronavirus, then please ring 119 to arrange a test.

#### SYMPTOMS:

- A new continuous cough for 1 Hr/several occurrences in 24 Hr
- A high temperature
- A loss of, or change in, your normal sense of taste or smell. (anosmia)

When any individual in a household presents with any of the above symptoms, the WHOLE household must self isolate, until results are known.

If the result is negative, then your child can come back into school, if the result is positive, please notify school, and self isolate your child for 10 days, and other family member's for 14 days.

Thank you.

Look after each other and everyone stay safe !
